

Rexpall PRESSWOOD PALLETS

The pallets are made from recycled wood shavings that have been pressed under high pressure and temperature. Thanks to this special manufacturing method, they offer a durable, dimensionally stable, and environmentally friendly pallet solution.

Our production process is regularly inspected through both internal quality controls and independent organizations. Rexpall pallets are classified as "processed wood" in compliance with ISPM-15 standards and are fully suitable for international export.

Thanks to its stackable design, it provides significant space savings during storage and transport compared to traditional EPAL pallets. Its lightweight structure offers an economical and sustainable alternative suitable for land, air, and sea transportation.

Key Features

- ISPM-15 compliant processed wood – suitable for international export
- Available in various sizes – ideal for diverse packaging needs
- Lightweight – suitable for land, air, and sea transportation
- Stackable – saves space in storage and logistics
- Sustainable – made from natural raw materials, 100% recyclable

rexpall Pallets

Pallets optimized for industrial solutions

600x800

	060080T070C	060080T085C
Dimensions	600 x 800 mm	
Dynamic Load Capacity	500 kg	1000 kg
Static Load Capacity	3x dynamic load capacity	
Approx. Weight	6,5 kg	8 kg
Packing Unit	67	62
P.U. Height	250cm	

800x1200

	080120T014C	080120T017C
Dimensions	800 x 1200 mm	
Dynamic Load Capacity	1000 kg	1500 kg
Static Load Capacity	3x dynamic load capacity	
Approx. Weight	13,3 kg	16,2 kg
Packing Unit	70	65
P.U. Height	250cm	

1000x1200

	100120T017Y	100120T020Y
Dimensions	1000 x 1200 mm	
Dynamic Load Capacity	1000 kg	1500 kg
Static Load Capacity	3x dynamic load capacity	
Approx. Weight	16,2 kg	19 kg
Packing Unit	70	65
P.U. Height	250cm	

“We oppose the cutting of new trees and instead use materials such as pruned tree branches, bark, and wood waste sourced from various wood-processing industries as raw materials. This approach helps us minimize our carbon footprint while creating the recycled REXPALL pallet.”

General Product Features

- 100% recycled raw material ◆ Pressed monoblock structure ◆ Lightweight, portable, no return required
- Compliant with international export standards ◆ Exempt from ISPM-15 certification

1000x1350

	100135T020Y	100135T023Y
Dimensions	1000 x 1350 mm	
Dynamic Load Capacity	1000 kg	1500 kg
Static Load Capacity	3x dynamic load capacity	
Approx. Weight	19 kg	21,8 kg
Packing Unit	70	65
P.U. Height	250cm	

1100x1100

	110110T017Y	110110T020Y
Dimensions	1100 x 1100 mm	
Dynamic Load Capacity	1000 kg	1500 kg
Static Load Capacity	3x dynamic load capacity	
Approx. Weight	16,2 kg	19 kg
Packing Unit	70	65
P.U. Height	250cm	

1100x1100 Separatör

	110110T010S	110110T012S
Dimensions	1100 x 1100 mm	
Approx. Weight	9,5 kg	11,4 kg
Packing Unit	140	124
P.U. Height	250cm
